

2018 THIRD-PARTY IRRIGATION MANAGEMENT PROGRAM

PO Box 216, Colman, SD 57017
1-800-234-1960
www.siouxvalleyenergy.com

Important Information Regarding Sioux Valley Energy's Third-Party Irrigation Management Program:

- ▶ The third-party irrigation program applies to management systems installed at a service location receiving electricity from Sioux Valley Energy. Former Alliant Energy customers in Rock County, MN are not eligible for the third-party irrigation and load management programs.
- ▶ The third-party irrigation management program allows the member to receive a reduced rate per metered KW per month for their billing cycles June through September.
- ▶ A one-time rebate of \$750 is available per device for a third-party remote managed irrigation system provided that it meets the following minimum requirements:
 - New system eliminates the need for a SVE load management receiver.
 - Ability to ingest automated notice from power supplier of shed and restore via email, text, or voice.
 - Provide less than 15-minute latency from power supplier email to load shed/restore.
 - Provide distribution cooperative notice of customer bypass.
- ▶ The member must agree to participate in the third-party irrigation management program for a minimum of 5 years. If the member discontinues their agreement before 5 years, the entire rebate of \$750 will be billed back to the member. The member may opt to participate in the cooperative's alternative load management program requiring the installation of a SVE receiver in order to stay on the peak shaving rate.
- ▶ Any control override of the third-party irrigation management program through the billing cycle will result in the member being billed for the full demand charge for said billing period. **(Exception: A member may be allowed to override a control period to walk the pivot if SVE is notified of date and time of bypass—contact Reggie or Dana in Customer Electrical Services at 800-234-1960.)**
- ▶ Rebate dollars are limited and will be given on a first come, first served basis.

MEMBER INFORMATION

Name: _____ Date: _____
Account Number: _____ Map Location: _____ Meter Number: _____
Address: _____
City: _____ State: _____ Zip: _____
