

2017 WEATHERIZATION REBATE FORM

PO Box 216, Colman, SD 57017
1-800-234-1960
www.siouxvalleyenergy.com

Important Information Regarding Rebates:

- An energy audit must be conducted by SVE prior to work being performed which the member agrees to pay. The member will receive a refund of \$45 plus tax towards the energy audit fees if the recommended weatherization improvements are made. Weatherization loans are also available.
Rebates are available only for home improvement products that meet Energy Star standards. Newly constructed homes within the last 5 years are not eligible for the weatherization program.
Home improvement products such as doors, windows, insulation, caulk, and weather stripping must be purchased and installed in the current year. Rebate dollars are limited and will be paid on a first come, first served basis. The program can be changed or cancelled at any time.
Fill this form out completely. Incomplete forms will not be processed. Submit a copy of sales receipt(s) or contractor invoice for energy efficiency improvements along with Energy Star verification. Documentation will not be returned.
SVE will rebate 20% for weatherization project costs (up to \$1,000 lifetime maximum per account, not to exceed \$5,000 per member/owner). To be eligible, project costs must be a minimum of \$250. Rebates under \$200 will be credited to your electric account. Funds will be issued upon verification of project completion by SVE.
